At Carpintería Ramón García, we consider our stakeholders as an essential part of our family. Therefore, we want to convey our full availability to listen to and study any proposals you may wish to send us regarding the improvement of product design from an environmental perspective.

We have 6 product families:

- Kitchens
- Panelling
- Tables and benches
- Display units and shelves
- Doors
- Counters and countertops

If you have any suggestions, please do not hesitate to let us know by emailing us at: calidad@gruporga.eu
